*Phat Nguyen*

For Phat Nguyen, being part of Silver Saddle is a family affair. Not only does Phat and his family enjoy the Ranch, but his future plans may include a home for his extended family.

Phat, who lives in Fremont (the Bay area) with his wife, Tuy and kids, Michelle and Michael, travels frequently to Silver Saddle to show friends the property. He likes the location because his father, Khoi and sister, Myhanh are close by in Garden Grove. "I'm thinking that one day I may build a home on the property for my relatives."

Phat purchased a lot at Silver Saddle in the beginning of 2006 after learning more about the growing California City area, finding out its proximity to his relatives, and enjoying the weather. "I really do like the weather down this way. It's enjoyable."

Phat makes it down to the Ranch with friends and clients fairly often and brings his family when he can. "My kids and I really enjoy the horseback riding."
